Action Steps

1. What is your committee doing well? (Dialogue → Action Steps)
 - a. Utilizing methods learned in the appreciative inquiry session on Jun 21, 2008, each participant shared information about many activities and we gained insight from the committees and vision groups. Some groups are vibrantly active and growing, some are doing well to maintain amongst the struggles, and some were not able to attend/looking forward to next meeting. Participants agreed that listening, learning and planning in this type of dialogue was helpful

and needs to continue now and as we walk together and meet again next quarter.

2. What can we do to make it better? (Dialogue → Action Steps)
The common theme for the day was a call to do better in the following areas and follow-up work is in progress to enable us to do so; for more information contact Joan Coolidge
