

***GOD WITH US:***  
**AN ADVENT FEAST FOR THE SENSES**  
**DECEMBER 2, 9 AND 16**

**6:00 pm Evening Prayer, Centennial Chapel**  
**6:30 pm Supper, Third Floor**  
**7:15 pm Presentations, Forum Room**

This year's annual Advent Evening Program will explore the sensory experiences of "God With Us"—Emmanuel—through the dimensions of music, art, and film. How can we employ all of our senses—body, mind, and spirit—to encounter our Christ when he comes?

*People of all ages are welcome to the prayer service and the supper. A special program for children will run concurrently with the adult program.*

**Wednesday, December 2: *Experience Advent in Music***

Music director Dr. Stephan Casurella will bring us to a deeper exploration and understanding of the music of Advent and how it has shaped our approach to the event of Christmas, our celebration of the birth of Christ.

**Wednesday, December 9: *Christianity in Art***

The Cincinnati Art Museum will show part of their large collection of Christian art, to explore Christian subjects from their Medieval and Renaissance collections, as well as later renderings of Christian themes in works from around the world.

**Wednesday, December 16: *Good News in a Dark Room***

Jesus brought Good News to a dark world. In this session, Jerry Lowe will show excerpts of films that reflect the transformative spirit of Jesus Christ, even if that spirit is not obvious. His running commentary on the films will offer provocative insights into the world of film and faith.
